

### **RANDY AND CHRIS AMBERMAN**

We serve under World Gospel Mission on the American Indian Field. We live in Kirtland, New Mexico just a mile off the Navajo Reservation. We have been serving here for 17 years. I (Chris) direct a Christian afterschool program that serves all the schools in Kirtland. We have kids from Kindergarten all the way through high school. Many of the children who come (mostly Navajo) do not have any church background. We have several family events throughout the year to give us a chance to get acquainted with the whole family. We are very active in the community of Kirtland, having started a women's group, a pastors' group, and recently getting involved in the creation of a Community Resource Center. We are part of a house church called Freedom of Nations. The Navajo Nation is ripe unto harvest, we pray for more workers to enter the field.
